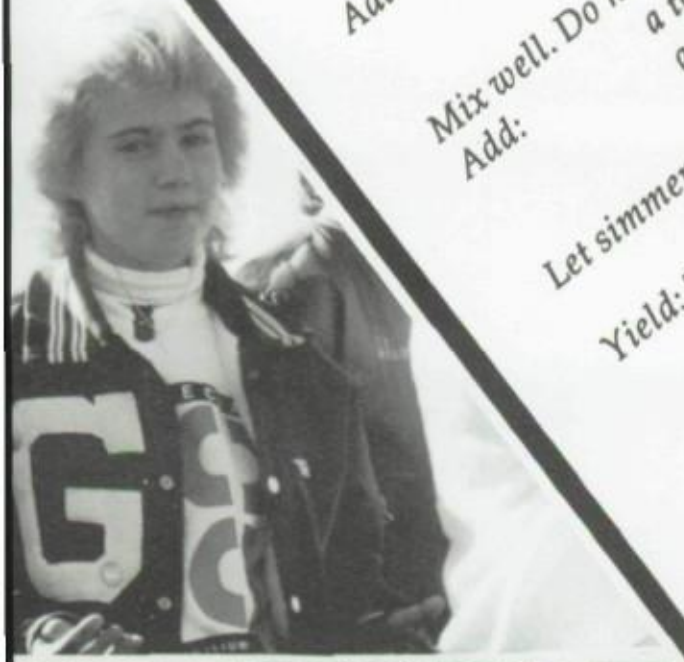
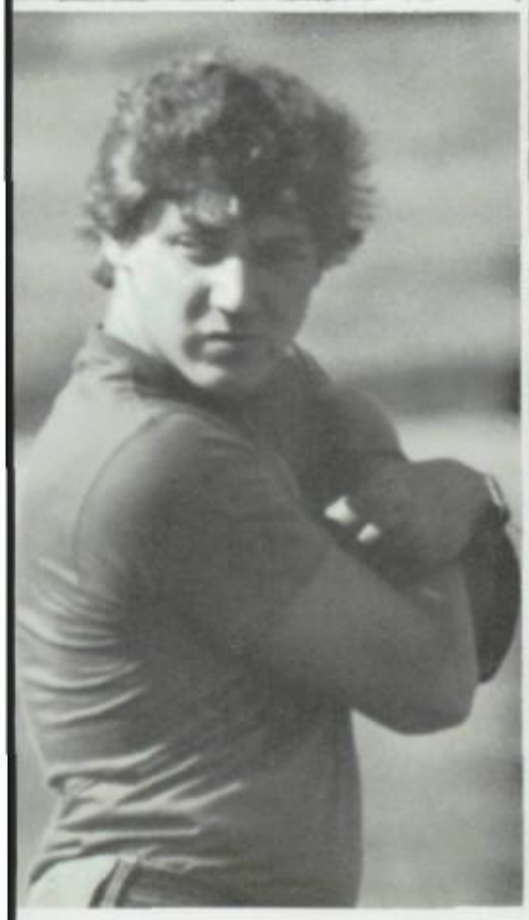
SENIORS

Take 80-100 young adults who have simmered for 12+ years of schooling.
Add: *1 year of classes,*
1 year of sports — practice and events, and
1 year of extra-curricular activities.
Mix well. Do not allow students to settle.
Add: *a touch of recklessness,*
a dash of senioritis, and
a pinch of anxiety about the future.

Let simmer 1 full year.

Yield: The 1987 Graduates





IN MEMORY OF

The swings we used to play on are empty now
the friendship I had with you will never be replaced
We had our good times and our bad
The times we shared, they're all gone
You never had the chance to grow up
When I close my eyes I still see you
Your memories will never fade
I wish you were here . . .
So we could swing once more

The Will of the Class of '87

I, Troy Anderson, leave bottoms up.

I, Michael Anuszewski, leave Chip Schneible a seat on the varsity football bench next year.

I, Linus Barber, leave Brett Jennings a picture of a Mustang GT, in hopes he will remember that Fords are No. 1, and to Mr. Ramsey a carton of cigarettes; and to all my friends and people I've known, have a good one.

I, Cathi Barnes, leave Craig Bullard an alarm clock so he can get up and *catch the bus*. Julie Andrews no co-pilot for her mystery rides in "Daddy's Caddy."

I, Jeff Batchelder, leave.

I, Chris Bonenfant, leave Mr. Bemus the rest of the magazine that the nice picture your students left in your desk drawer came from.

. . . 1987 GRADUATES

One of the truths about graduation is that after that special day you will never see over half of the graduates again. While that is not a happy truth, it should convince you to be sure to keep in touch with those special few classmates who have shared your life and your education these past thirteen years. You will find — as your parents know — that people are more important than things and high school friends have shared with you that most critical portion of your life.

Wherever you go, and whatever you do, protect your health, strive for positive achievement and retain your friends.

My very best for your future.

Welcome Miss McManus

Regina McManus of Ballston Lake was appointed to replace Mr. John Ross, retiring Elementary Principal. Miss McManus was formerly employed by the Saratoga Springs School system as an elementary teacher in grade 6 and grade 1, district-wide teacher/coordinator of the gifted and talented program and most recently as a full-time administrative intern.

Miss McManus is originally from West Nyack and from a family of eight children. She graduated from Albertas Magnus High School in Bardonia, NY; received her Bachelor's Degree from Dominican College, attended Russell Sage and the College of St. Rose; received her Master's Degree from SUNY Albany and attended North Adams State College.

We welcome her to Greenwich Central.

Students in grades K through 6 have been active during the 1986-1987 school year.

Listed on this page are some of the functions in which the students have been active participants. Also given are some changes which affect faculty and students in the Elementary and Middle Grade Buildings.

2nd Graders Are Choosy Chewers

The first food choices that children make are often for snacks. 2nd graders are becoming familiar with nutritious snacks.

The children are discussing and are encouraged to choose healthy snacks such as fruits, vegetables, cheese, crackers, popcorn, etc.

Encourage your children to follow the slogan and to "Be a Choosy Chewer" and to make better snack choices.

4th Graders Visit Brookside Museum

On October 10 all of the 4th grade classes went to the Brookside Museum in Ballston Spa. The colonial centered workshops focused on the many hardships experienced by the immigrants of this era. The children watched and participated in activities such as food preservation, crop harvesting, soap making and linen making.

The workshops allowed the students to gain an appreciation for the work involved in such activities.

5th Grade Visits Thunder Mountain

Each of the 5th grade classes visited Thunder Mountain this year. Mr. Barber, owner of Thunder Mountain and a self-taught naturalist, assists the classes with their nature studies. The classes hike to Thunder Mountain from school and spend the day there. Three more trips are planned for the year to allow observations of changes through the four seasons.

5th Grades Visit Hildene

The 5th graders visited Hildene in the fall of 1986. Hildene is in Manchester, Vermont and is the former home of Robert Todd Lincoln. While there students hiked on a nearby nature trail, saw a slide presentation explaining the history of the estate and had a guided tour of the home.

PTSA

The Parent Teacher Student Association is a volunteer association seeking to unite the forces of home, school and community on the behalf of the children.

PTSA is composed of teachers, parents, students, school officials — everyone who cares about children.

The local unit worked to achieve the following:

staff recognition day;
volunteer aide program;
classroom parent program;
assemblies;
fund raising goals for school equipment;
parent-teacher conference babysitting and;
much more.

Campbell's Product Labels

The GCS PTSA again participated in the "Labels for Education" project.

Accumulated Campbell's products labels are to be redeemed for educational equipment for use within the school system.

The PTSA wants to redeem the labels for a computer printer for use in the high school.

lots of hard work, and
just enough responsibility to achieve their goal.
Allow students to work under the supervision of an adviser.
Stir in: the ability to interact with other club members and willingness to become involved in club activities.
Simmer.

BYE-BYE BIRDIE

Bye-Bye Birdie is the story of a rock and roll singer who is about to be drafted into the Army. The singer, Conrad Birdie, an Elvis Presley type, has lots of hair and thick sideburns and wears gaudy, gold costumes.

Albert Peterson, his agent, is pleasant and mild mannered. Albert's secretary, Rose Alvarez, comes up with a final publicity scheme to help Albert. Conrad Birdie is to give a "final" kiss to a typical all-American girl. Kim MacAfee, from Sweet Apple, Ohio was chosen. Her boyfriend, Hugo, is upset about this and slugs Birdie on the TV show (Ed Sullivan).

Birdie decides he has had enough of all of this publicity and runs out of town with the teenagers.

Jr. High FFA is composed of 7th and 8th grade students in Technology who are interested in taking Vocational Agriculture in high school. Their activities include a fall hay ride, a Christmas party, Leadership contests, fund raisers, Washington County Farmland and FFA Camp.

This year's officers are: President, Katie Idleman; Vice President, Kyle Stewart; Secretary, Angie Mosher; Treasurer, DJ McDonald; Reporter, Ben Goss; and Sentinel, Andrea Lyons.

FFA is a national youth program which helps students who are interested in agriculture excel in their future careers by teaching them how to accept responsibility through work experience and leadership.

The Greenwich Chapter of FFA has been awarded the Superior Chapter of FFA for the past 15 years. This has been accomplished through year-round activities which include the National Convention, County Fair, judging contests and leadership classes at State FFA Camp. Each student also participates in a work experience program which helps prepare him for the actual experience.

Our fund-raisers include citrus fruit sales, arm & Garden Seed Sales and Agri-Business anquets. This year we were 1st in the state with ur fruit sales by selling 1000 cases.

In July of 1986 the chapter participated in the Hay Relief for farmers in South Carolina. Members loaded 10,000 bales of hay into 10 box cars.

SPORTS SHORTS

Mr. Robert Kuba

Mr. Matthew Jones

The Athletic Director has many responsibilities. They include scheduling gym time, attending league meetings concerning individual teams, budgeting funds, and seeing to it that each coach and team has the necessary equipment. A great deal of time and effort goes into making certain that each teams' needs are met.

Mr. Kuba has been the Athletic Director since the fall of 1980. In that time he was pleased to see an increase in the number of students who participated in sports events. He was also instrumental in having the sports bus re-instated.

Mr. Kuba resigned this position before the beginning of the 1986-1987 school year. He felt that with all of his outside activities he had insufficient time to deal with all the responsibilities of Athletic Director and to be an efficient classroom teacher.

Mr. Jones was appointed Athletic Director at the beginning of the 1986-1987 school year.

He hopes to institute a regular practice of submitting end-of-the-season reports by the individual coaches. Mr. Jones feels that the responsibilities of Athletic Director are many and varied.

We wish to thank Mr. Kuba for all the time and effort he has put into the athletic department. And, we would like to wish Mr. Jones well. We want to express our thanks to each of these men for their dedication to the athletic department.

Jerry Ellis

Quote:

"I got interested in running while watching my sist run cross country in junior high. I've raced on bo coasts, seven states and two countries."

As a sophomore (Spring, 1986) Jerry participated the following Junior Olympic Qualifiers: the Associatio Meet (Albany); the Regional Meet (Portland, Maine); ar then competed in the National Meet (Lincol Nebraska.).

Jerry's event was the intermediate hurdles. At the N tional Meet he came in 2nd in the trials, 5th in the sem finals and ranked 11th in the country.

As a junior (Fall, 1986) Jerry was 1st on the Gree wich cross country team. He again attended the Junio Olympics — this time as a runner. He attended th State Qualifiers (Albany), the Regionals (Albany) an then competed in the Nationals (Los Angeles, Califo nia). Jerry ranked 122nd in the nation.

Allison has a long list of accomplishments as she has been competing in sports events since the 7th grade. She has encountered difficulties along the way.

While at the Outdoor State Championships (Spring, 1984) Allison tore some knee ligaments during the long jump trials. It was necessary for her to have knee reconstruction surgery. The injury caused her to miss competing for her entire sophomore year (1984-1985). She began competing again during the indoor track season in her junior year (Spring, 1986).

Some of the highlights of Allison's sports career include:

Outdoor Class C Champion in 100m and 200m dash (Spring, 1982).
League Champion in 100m hurdles
Outdoor Class C Sectional Champion in Long Jump (Spring, 1983).
Sectional Champion in the 50m hurdles
League Champion in 100m hurdles, 400m hurdles, and 1 mile relay. (Indoor — Spring, 1986).
Outdoor Sectional Champion in 100m hurdles (Spring, 1986).
Qualified for National Junior Olympics
4th in the 100m hurdles at the Empire State Games (Summer, 1986).

Allison Goodman

The 1986 Softball season was highlighted by a very exciting and successful sectional tournament. The girls brought a 9-5 league record to the tournament which gave them a fourth place seed. In the first round of sectional play Greenwich defeated a very good Ft. Plain team by a score of 11-2. The semifinal round pitted the girls against an even tougher opponent, Canajoharie, who they defeated by a score of 10-4. In the championship game Greenwich "dug deep" and "held tough" as they went on to Maple Hill, 8-6, in a cold, wet, rain-soaked 7 inning ball game. With the win the Greenwich Witches regained the Section II Class C Softball Title.

Eric Lynch

The outstanding success of the Greenwich Golf team owes much of th credit to Eric Lynch who has dominated all other high school golfers a well as many adults in our geographic area. Eric maintained an impressiv 76.8 average for 16 rounds of tournament play in 1986. In the 1986 C-I Sectionals Eric scored a 70 at VanPatten Country Club which was 3 unde par for 1st low gross. In the play-offs at Northway Heights Eric was 3rd lo gross for all classes with a 78. This qualifies Eric to represent Section 2 i the Intersectionals to be played at Cornell University in June, 1987. Las year Eric tied for 14th low gross at the Intersectionals; this year he plans t be a medalist.

In high school competition Eric has a career record of 61 wins and losses. However, it is only fair to state that the two losses were very earl in his competitive career (8th grade). Since then Eric has been awesome Eric is a very talented golfer but his success is a result of his dedication t playing and practicing golf for at least a few holes every day that the gol course can be used. Eric hopes to attend college in the South where th golf season is all year long.

Eric Sullivan is active in athletic events both in and out of school. He has indicated that the highlights of his sports career involve competing in the decathlon which is composed of 10 events which take place in 2 days.

Eric holds the school record for the Indoor High Jump (5'10"); Indoor Pole Vault (12'); and the Indoor Mile Relay (3:43).

The Decathlon contains five events on each of two days. On the first day the athlete must compete in the 100m dash, the long jump, the shot put, the high jump and the 400m dash. On the second day of competition the events included the 110m hurdles, the discus, the pole vault, the javelin and the 1500m run.

Eric has competed in this event and came in 10th in the Empire State games in 1985; placed 4th in the Empire State Games in 1986; and was in the top 15 competitors in the National Junior Olympics in 1986.

Eric Sullivan

Greenwich is proud of these and all other students who have worked hard to perform well.

SOFTBALL SCOREBOARD

LEAGUE:
9 Wins/5 Losses

SECTIONALS:
4 Wins/1 Loss

We began the season well with a record of 6-1. Two games into half-season we lost a game to Schuylerville. Our record declines from there with three more losses, two to our rivals from Hoosick Falls. We ended our season with a league record of 9-5.

Determined to win jackets, we went to sectionals. We played four emotional games (some in pouring rain) in Saratoga; we won all four. This made us sectional champs — we earned our jackets.

Hopeful, we traveled to Albany to fight a tough battle against Hoosick Falls that we didn't win. We rode home disappointed, but knowing that we earned our jackets.

The bonding force of our team was our defense which was led by Cathi Barnes who struck out 116 batters. The rest of the team contributed more than their share . . . which made it a winning season for everyone.

Row 1: A. Mosher, T. Saunders, K. Talmadge, A. Spiezio, L. Wood. Row 2: Coach Hemming, T. Saunders, M. Flower, S. Stiles, A. Scott, S. Powell, M. Robinson, J. Dessingue, K. Monroe.

Staff Recognition Day
November 18, 1986

The PTSA honored all staff members: aides, bus drivers, clerks, cafeteria workers, custodians and educators. The staff began the day with home-baked coffee cakes upon arrival at school. Later in the day each employee was presented with a carnation.

PTSA organized this special day in recognition of our excellent school staff. The date was set to coincide with American Education Week (a time to show support of our schools).

Drug Awareness Day
October 23, 1986

Drug Awareness Day was implemented in our school system with the following: Drug Abuse posters, Weekly Reader articles, Scholastic News articles, discussions in Health classes, a letter writing campaign to the President with opinions of our country's drug problem, circle groups and books promoting self-esteem and confidence, a resource person from the Human Resource Center to offer peer counseling, movies and filmstrips and videos loaned by Mrs. Joan Ciccarone on drugs.

The high school created a display in study hall with the assistance from the local police and participated in target lessons in science, social studies and health.

NHS Induction

GCS held its annual National Honor Society induction ceremony on November 13, 1986 in the high school auditorium. Candidates are selected on the basis of scholarship, service and character.

Thirteen juniors and seniors were inducted this year. They include:

Seniors: Colleen Cronin, Anna Kalme, Roger Rivenburgh, Eric Sullivan, Kerri Wilbur.

Juniors: John Carroll, Heather Drost, Jerry Ellis, Kamela Howe, Brandon Linnett, Erin MacNeil, Jennifer Pitkin and Christopher Simoneau.

They were chosen from the top students in their voice/instrument categories as shown from solo competition. They rehearsed with other students from this part of the state under the direction of well-known guest conductors. Participating were: Jerry Ellis — tenor saxophone, Allison Goodman — clarinet, Wendy Rivenburgh — bass clarinet, Lelley Stewart — soprano, and Darlene Bailey — alto.
